Skills and Attributes

Head Coach Martin Samek states, "Jordan will be the leader of our offensive line, his ability to determine what the defense is doing allows us to make adjustments that are rare at the high school level. Jordan also possesses great lower body strength that will help us get the tough yards. Lastly Jordan has a motor that does not stop, this makes him so versatile and Jordan will play some defensive line for us and provide much needed depth". Jordan is the ideal guard on the offensive line and is an outstanding defensive lineman with the ability to play Defensive End. Jordan is talented and skilled enough to be a dominant Lineman at the next level. He is very strong, quick, athletic, intelligent and extremely coachable. He can make all the blocks he is asked to do and his quickness makes him very good at pulling in his high school offense, which primarily runs traps and counters. He reads blitzes quickly and adjusts his assignments on the move. His cross-training in karate (10 years) and basketball (5 years) have increased his speed, agility, determination and focus. He exhibits maturity, confidence and leadership on and off the playing field, as demonstrated by his outstanding academic achievements, his volunteer activities, and his success in multiple sports. Jordan brings all the skills and abilities coaches are looking for in a talented college prospect. He will make an excellent contribution to any football program that values intelligence, talent, hard work and integrity.
